Jim, Paula told me you would be out this week until tomorrow. I have reviewed your letter and do not agree with various parts of it, nor the tone of the letter. However, before I respond, who is your letter going to be addressed to? You did not say. Also, you have not responded to my suggestion to bring these issues to the Paso del Norte Group? You and I are both on the Water Committee. We could also go before the Government Affairs Committee of the Chamber of Commerce since they will be analyzing impact fees once the city finishes its work. Finally, the public working committee this year is only going to analyze storm water rates, and not any water and sewer issues. Do you still want to be on the committee this year.?

---
