Please see the following notice of the next water meeting from Pablo.

The PDN Water – Wastewater Committee will be meeting on **Thursday September 13, 2007 at 12 noon in Conference Room C** of the Paso del Norte Conference Center. The agenda is as follows:

1. PDN Task Force member Jim Janacek issues regarding the PSB and water utility services (agenda issues on this item forthcoming from Ed Archuleta tomorrow).
2. The PDN – Desarrollo Economico de Ciudad Juarez (DECJ) international partnership agreement is to be completed this month. The PDN Water – Wastewater Task Force can create an international Water – Wastewater Task Force (3-4 members) to develop an issues “whitepaper” for PDN - DECJ. Ed Archuleta can serve as an advisor to this task force given his network of contacts and context. The PDN – DECJ international committee is comprised of 10 PDN- Desarrollo Economico members charged with defining a regional strategic development strategy, its policy priorities and scope of work. The PDN W-W Task Force is right in line with strategic initiatives and priorities and will interface strategically with the PDN – DECJ committee.

Please confirm your assistance with Bea so we can make appropriate lunch plans. Thank you for your leadership and participation. We look forward to your favorable reply. All my best. Pablo
